

**NURSERY**

Delivering a sensation akin to sitting on a cloud, this nursery bedroom creates a visual calm. Soft tactile elements and gentle curves render this space inundated with natural light; the result yields the perfect blend of comfort and sophistication.

**Get the Look** The organic cloud lights, irregular Pierre Frey wallpaper motifs, cool mint embossed rug and the sheepskin Coronum chair from Scarlet Splendour are all ultra-plush elements which make this room infant-friendly.

**INFORMAL ROOM**

The contrasting, yet harmonising mix of materials creates an atmosphere of both intimacy and excitement.

**Get the look** Natuzzi Labirinto coffee and side tables add a slick, reflective element to this seating area. The vibrancy of a Sanuj Birla artwork is mirrored by Wrong x HAY cushions. On the floor is a Scarlet Splendour Karesanui Gravel Sand rug.

**SON'S BATHROOM**

This massive bathroom is created out of blocks and bold lines using 3 mm slim tiles in solid colours. The designer created custom gloss and matte concrete tiles for the flooring. The car storage unit design was a special request by Jannat's car enthusiast client.
